

## Fall Enrollment 2022-23

Institution: Umpqua Community College (210270)

User ID: P2102701

### Overview

#### Fall Enrollment Overview

The Fall Enrollment component collects student enrollment counts by level of student, enrollment status, gender and race/ethnicity. In addition, first-time students' fall-to-fall retention rates and the student-to-faculty ratio are collected. Enrollment by age is required in odd-numbered years, and enrollment by residence of first-time undergraduates is required in even-numbered years.

Institutions operating on a traditional academic year calendar (semester, trimester, quarter, or 4-1-4) report Fall enrollment as of the institution's official fall reporting date or October 15. Institutions operating on a calendar that differs by program or that enrolls students on a continuous basis (referred to as program reporters) report Fall enrollment as students enrolled any time during the period August 1 and October 31.

#### Data reporting reminders:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior year reporting.
- Part B, Enrollment of students by age, is optional this year.
- Part C, Residence of first-time degree/certificate-seeking undergraduates, is required this year.
- For reporting students studying in consortium agreements, please refer to the Resource page at <https://nces.ed.gov/ipeds/report-your-data/data-tip-sheet-reporting-data-consortium-institutions>.

#### Changes in reporting:

The following changes were implemented for the 2022-23 data collection period:

- The "Nonresident alien" terminology has been changed to "U.S. Nonresident" but should include the same category of students.
- A question about gender has been added after Part A – Fall Enrollment Summary to collect information about students for whom gender does not fit the binary gender (Men/Women) categories provided. **Institutions should still allocate those students to the Men/Women categories in other screens of the survey component at this time.** New FAQs have been added to help institutions with this reporting.
- References to summer term were changed to summer session.
- FAQ #8 on consistent reporting of EF, E12, and OM has been updated for clarification.

If you have questions about completing this survey, please contact the **IPEDS Help Desk at 1-877-225-2568**.

## Part Selection

Completion of Part B (Enrollment of Students by Age) is optional this year.

### **Do you wish to complete Part B this year?**

If you select 'Yes', you will be expected to complete the Part B screens.

If you select 'No', you will skip Part B.

- No, I will not complete Part B
- Yes, I will complete Part B

Part A - Fall Enrollment for Full-Time Undergraduate Students

Enrollment as of the institution's **official fall reporting date** or as of **October 15, 2022**

Full-time Undergraduate Students

Reporting Reminders:

- Report Hispanic/Latino individuals of any race as Hispanic/Latino
- Report race for non-Hispanic/Latino individuals only
- Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students.

Part A - Fall Enrollment- Gender Unknown or another gender than Men/Women categories

**Part A - Fall Enrollment - Gender Unknown or another gender than Provided Categories**

- The 'gender unknown' category is to report students for whom the institution does not know a gender.
- Institutions should not ask students that do not select a binary gender to allocate themselves to a binary gender category; it is up to the institution to allocate unknown students and students that indicate another gender into the binary categories throughout the forms where required. One commonly used method to allocate students is to use the known portion of men to women.

Is your institution able to report another gender for the 2022-23 data collection? If you indicate 'No', your institution should leave the cells in the rows for 'Another gender' blank (i.e., do not report 0). If you indicate 'Yes', but no students identified as another gender, please enter '0'.

Undergraduate students:

- Yes
- No

Of the total students reported, how many students did you allocate to a binary gender category (Men/Women) because their gender was unknown or another gender than the provided categories?

		Number of students
		Undergraduate students
<b>Grand total</b>		<b>2,325</b>
	Gender unknown (i.e., gender information is not known or not collected).	189
	<b>Another gender</b> (i.e., gender information is known but does not fall into either of the mutually exclusive binary categories provided [Men/Women]).	
	<b>Total of Gender unknown + Another gender</b>	<b>189</b>
	<b>Total of Students for whom gender is known and falls into one of the mutually exclusive binary categories provided [Men/Women]</b>	<b>2,136</b>

### Part C - Screening Question

Did any of your **first-time degree/certificate-seeking undergraduate** students (reported in Part A) enroll within 12 months of graduating high school or receiving their GED?

- No, we do not have any first-time students who enrolled within 12 months of their high school graduation.
- Yes, we have first-time students who enrolled within 12 months of their high school graduation.

 You may use the box below to provide additional context for the data you have reported above. Context notes will be posted on the College Navigator website. Therefore, you should write all context notes using proper grammar (e.g., complete sentences with punctuation) and common language that can be easily understood by students and parents (e.g., spell out acronyms).

Part E - First-Time Student Cohort Retention Rates (Full-time)

**Retention Rates - Full-time, First-time Degree/Certificate-Seeking Cohort from Fall 2021**

Academic reporters report retention data as of the institution's official fall reporting date or as of October 15. Program reporters determine the cohort with enrollment any time between August 1 and October 31, 2021 and retention based on August 1, 2022.

The retention rate is calculated by the system after clicking "Save" on the screen. Exclusions are subtracted from the original cohort and the resulting adjusted cohort is used for calculating the retention rate.

Retention Data Reporting Reminders:

- Include only **full-time, first-time degree/certificate-seeking** students in this cohort.
- Determine full-time using Fall 2021 attendance status (e.g., if a student was full-time in Fall 2021, report them in the full-time cohort regardless of Fall 2022 status).
- If there are no students to report in the cohort, enter zero. Do not leave the field blank.
- Report in the exclusions box (line E2a) the number of students from the cohort who left the institution for any of the following reasons: died or were totally and permanently disabled; to serve in the armed forces (including those called to active duty); to serve with a foreign aid service of the Federal Government (e.g., Peace Corps); or to serve on official church missions.
- Report in the inclusion box (line E2b) first-time bachelor's-seeking study abroad students who were excluded from the first-time cohort (line E1) but who have re-enrolled at the institution their second year.

Choose one option that best explains your data or choose "Not Applicable" if you do not wish to provide context notes. If none of the options provided explain your institution's data, then choose "Other" and write your own context notes. Therefore, you should write all context notes using proper grammar (e.g., complete sentences with punctuation) and common language that can be easily understood by students and parents (e.g., spell out acronyms).

Part E - First-Time Student Cohort Retention Rates (Part-time)

**Retention Rates - Part-time, First-time Degree/Certificate-Seeking Cohort from Fall 2021**

Academic reporters report retention data as of the institution's official fall reporting date or as of October 15. Program reporters determine the cohort with enrollment any time between August 1 and October 31, 2021 and retention based on August 1, 2022.

The retention rate is calculated by the system after clicking "Save" on the screen. Exclusions are subtracted from the original cohort and the resulting adjusted cohort is used for calculating the retention rate.

Retention Data Reporting Reminders:

- Include only **part-time, first-time degree/certificate-seeking** students in this cohort.
- Determine part-time using Fall 2021 attendance status (e.g., if a student was part-time in Fall 2021, report them in the part-time cohort regardless of their Fall 2022 status).
- If there are no students to report in the cohort, enter zero. Do not leave the field blank.
- Report in the exclusions box (line E7a) the number of students from the cohort who left the institution for any of the following reasons: died or were totally and permanently disabled; to serve in the armed forces (including those called to active duty); to serve with a foreign aid service of the Federal Government (e.g., Peace Corps); or to serve on official church missions.
- Report in the inclusion box (line E7b) first-time bachelor's-seeking study abroad students who were excluded from the first-time cohort (line E6) but who have re-enrolled at the institution their second year.

## Part F - Student-to-Faculty Ratio

### Student-to-Faculty Ratio

Please provide your institution's student-to-faculty ratio (i.e., student-to-instructional staff) for undergraduate programs for Fall 2022. The student-to-faculty ratio and any accompanying context that is provided will be displayed on College Navigator.

Note: Logic in this item is similar to item I-2 from the Common Data Set data collection.

## Summary

### Fall Enrollment Survey Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2023.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or [ipedshelp@rti.org](mailto:ipedshelp@rti.org).

Fall Enrollment

Source	Description	Severity	Resolved	Options
<b>Screen: Part A - Fall Enrollment for Part-time Undergraduate Students</b>				
Screen Entry	The number entered is outside the expected range when compared with the prior year value. Please correct your data or explain. (Error #6304)	Explanation	Yes	
Reason	Four factors contributed to this: 1) upward trend in female student enrollment, 2) upward trend in students not reporting their gender, which adds to the female student count, 3) dual credit high school students were not included in last year's data. Including dual credit students this year increased this count (prior year survey will be resubmitted), and 4) including dual credit high school students in last year's count will increase that count and reduce the difference between this year's and last year's count. (Part A - Part-time Undergraduate Women - Total)			
<b>Screen: Part A - Fall Enrollment by Distance Education Status</b>				
Screen Entry	All undergraduate non-degree/non-certificate-seeking students exclusively enrolled in distance education courses are not expected to be reported under the same location category. Please correct your data or explain. (Error #6171)	Explanation	Yes	
Reason	All these addresses have been verified as Oregon addresses. All but one belong to dual credit students. (Part A - Distance Education Status, Non-degree/non-certificate in Oregon)			
Related Screens	Distance Education Status 1, Distance Education Status 2			
<b>Screen: Part C - Residence of First-time Undergraduates</b>				
Screen Entry	Typically, more than 20% of first-time undergraduates enroll within 12 months of completing high school or receiving their GED. In Part C, your institution reported (88) of students having enrolled within 12-months of graduating high school or receiving their GED. This is less than the 20% of total first-time degree/certificate-seeking students expected. Please correct your data or explain. (Error #6203)	Explanation	Yes	
Reason	Of these 703 students, only 246 provided sufficient high school graduation data on their admissions application to be evaluated for inclusion in this count. Of the 246 students providing high school graduation dates, 87 had graduated high school within the previous 12 months. (Part C - Residence of First-time Undergraduates - Total)

<b>Screen: Part D - Total Undergraduate Entering Class</b>				
Screen Entry	The number of non-degree/non-certificate-seeking undergraduate students who are new to the institution this fall is expected to be greater than zero. Please confirm that the value reported is correct. (Error #6152)	Confirmation	Yes
