

ACEUCC BOARD REPORT

September 13, 2017 – Becky Kipperman, ACEUCC Vice-President

GOOD EVENING,

Chair Loosley, Vice Chair Kennerly, Members of the Board, and President Thatcher.

My name is Becky Kipperman and I am the Science Lab Technician located in the HNSC building as well as the Classified Association Vice-President. Our President, Brian Proctor apologizes for not being able to make it. He is out at Sutherlin High School doing a Financial Aid presentation.

- The Classified Bargaining Team is still working with the college to negotiate the new Collective Bargaining Agreement. Negotiations are moving along well and we look forward to a mutual agreement soon.
- Finishing the final details for the upcoming Classified Retreat. Our focus this year is Growth Mindset and it will be a Luau theme. Elizabeth Cox Brand will be joining us to take us through the model of Growth Mindset and how we can apply this to ourselves.
- **Classified staff will be discussing Random Acts of Kindness at this year's retreat. All will be encouraged to do something nice for someone else on campus specifically someone who they may not know very well or don't work directly with. The challenge will be set forth to participate and if they are able to get a picture with that person we would like them to post it on UCC's facebook page and tag #goUCC.**
