## Annual Enrollment Report

## Academic Year 2016-2017

Prepared by: Xiana Smithhart, PhD, Institutional Researcher

Note: The numbers used in this report are from several reports and snapshots of data that include corrections and additions. Due to different report generation times and dates it is not unusual to have minor data differences.

## Executive Summary 2016-2017

The 2016-17 academic year saw college enrollment numbers decline steadily ending the increases seen during the economic downturn in 2008. The decline in enrollment could be attributed to many factors namely, a decrease in high school graduates from Douglas County, recent tuition increases, and a continuing trend of 1836 year olds leaving rural areas seeking employment opportunities in larger cities.
$>$ The final audited Oregon Department of Community College and Workforce Development (CCWD) Umpqua Total Reimbursable FTE figure is 2797 for a decrease of 94 or $3.25 \%$ from the prior academic year.
$>$ New/Reactivated and suspended programs and certificates for 2016-17:

- New Programs and Certificates:
- Associate of Science: Computer Information Systems - Cybersecurity
- Associate of Applied Science: Forest Landscape Processes
- Suspended Programs:
- One year Certificate: Para-educator (Education)
- Associate of Applied Science: Industrial Mechanics and Maintenance Technology Apprenticeship- Fabricator/Welder

## Overview

1. Comments indicate when data is not comparable to the prior year's data as a result of new coding or data re-categorization. Minor adjustments to prior year data may be found as the result of corrections, elimination of duplicate records, and for reporting consistency.
2. The College reports student Full Time Equivalence (FTE) information to the Oregon Department of Community Colleges and Work Force Development (OCCWD). An annual audit of this information is conducted in June/July/August/September of each year and final audited FTE figures are published by the OCCWD. The audited OCCWD FTE numbers will not match UCC's internal reports, as the OCCWD reports include final audit adjustments and a "hold harmless" adjustment for those colleges that have an 11 week vs. a 12 week fall term. The hold harmless adjustment ensures all community colleges are represented similarly. In addition, FTE reports may experience small rounding differences between reports (Pages 11, 12, 13, 14, 15, 16, and 17).
3. Umpqua's total reimbursable 2016-17 FTE of $2,820.70$ represents a decrease of 147.01 or $5.21 \%$ from the prior academic year (Page 11). Umpqua's internal figures will not match the OCCWD's since they do not include the OCCWD's "Hold Harmless Calculation", equity in funding adjustments, or final FTE Audit adjustments. The final OCCWD total FTE figure, with all adjustments, is 2,894.16 FTE for a decrease of 126.84 FTE or $4.19 \%$ from the prior academic year (Page 17).
4. New/Reactivated and suspended programs and certificates for 2016-17:

- New Programs and Certificates:
- Associate of Science: Computer Information Systems - Cybersecurity
- Associate of Applied Science: forest Landscape Processes
- Suspended Programs:
- One year Certificate: Para-educator (Education)
- Associate of Applied Science: Industrial Mechanics and Maintenance Technology Apprenticeship- Fabricator/Welder

5. Program and Department enrollment fluctuations are impacted by economic factors, recruitment efforts, student interest, and/or changes in the job market. The following items note changes or trends that may not be part of the normal cycle of events (See page 13 for program FTE summary data).
6. Programs with small enrollments (e.g., Fitness Technology) may experience large percentage changes with the addition or subtraction of just a few students. This is a normal circumstance of small programs.
7. Music (MUS), Physical Education (PE) enrollments are down. This may reflect changes in these programs as a result of vanishing state revenue, rising program costs, and more increased efforts in Math, Writing, and Reading.
8. Dental Assisting continues to grow with another significant increase in FTE of 13.50 or $68.63 \%$ reported for the year (Page 13). The Business Programs also had an increase in FTE of 29.68 or $16.54 \%$.
9. The following programs experienced enrollments that are consistent with overall drop in enrollment and have nothing significant to report: Business Medical Office Courses, Early Childhood Education, Learning Skills, and Social Science Programs.
10. Lower Division Collegiate, Adult High School Diploma (AHSD), English as a Second Language (ESL), General Education Development (GED) numbers are down for the 2016-17 academic year. Enrollment
may fluctuate significantly year to year at the Woolley Center as it is not supported by financial aid. Consequently when the economy is strong enrollment often goes up at the Woolley Center as persons without a high school diploma have more income to invest in their education. The Job Corp has focused in recent years on Adult Basic Education with less emphasis on the high school diploma (Page 11).
11. Total Dual Credit FTE in 2016-2017 increased by 6.44 FTE or $3.46 \%$ when compared to 2015-16. This increase is due to both increased recruiting visits to Douglas County High Schools (Established High School Connections) and the increased participation in Dual Credit classes as an Oregon State requirement for high school graduation (Page 14).
12. In 2016-17 the College conducted 367 fully-online classes, an increase of 31 classes or $9.22 \%$ from the previous year (Page 15). Additionally, the College saw a decrease of 139 web-enhanced sections. 19 web-hybrid classes were offered for a combined total of 2,110 classes, a decrease of 108 or $4.86 \%$ when compared to the prior year (Page 15).
13. UCC's unduplicated headcount of 13,701 students represents a decrease of 855 students or $0.058 \%$ above academic year 2015-2016 (Page 16).
14. The number of full-time students ( 12 or more credit hours) increased on average by 21 students or $2.56 \%$ above the prior year (Page 18).
15. The number of non-credit students decreased by 213 students or $6.38 \%$ for the year. The number of credit students attending at less than half time increased by 62 students or $8.87 \%$, half-time increased by 23 students or $7.31 \%$, three-quarter time decreased by 33 or $11.21 \%$ and full-time students (12-19 credits) increased by 4 students or $0.44 \%$. Lastly, full-time students taking greater than 19 credits increased by 2 students or $14.29 \%$ (Page 18).
16. The average age for credit students increased from 27.02 to 27.76 years, an increase of 0.74 years from the previous year. The percentage of total credit students 21 years and younger versus over 21 decreased to $28.80 \%$; a change of $2.20 \%$ over the prior year, changing the shift towards older students. (Page 19).
17. The average age of non-credit students shifted from 42.30 to 37.63 or 4.67 decrease in years from the prior year (Page 19).
18. The average age of all students changed from 35.78 to 34.80 , a decrease of 0.98 years (Page 19).
19. Race/Ethnicity percentages remained virtually unchanged from the prior year (Page 20).
20. The gender ratio of male to female credit student population remained the same as previous years with a higher female and lower male and gender unknown percentages of the total. Breakdown by gender report shows: $57.91 \%$ female, $41.80 \%$ male and less than $1 \%$ undeclared (Page 21).
21. The average number of students achieving the Vice-President's honor roll each term (Fall, Winter, and Spring) was 128 per term, 25 more students than the previous year (Page 22).
22. The average number of students achieving the President's honor roll per term (Fall, Winter, and Spring) during the academic year was 260 per term, 17 less students per term from the previous year (Page 22).
23. The number of students on probation for the academic year decreased by 165 from the previous year, or $24 \%$. The number of students on suspension for the academic year increased from the previous year by 9 , or $3.2 \%$. An average of 155 students were on academic probation per term, in the 2016-2017 academic year, with an average of 86 students on academic suspension per term, in that same year (Page 23).
24. Of Douglas County public high school graduates graduating during the 2016-17 academic year, 37.35\% attended UCC. This is a $7.34 \%$ increase from the prior year. (Page 24).
25. Student population by address 2016-2017: $38.72 \%$ of all students use a Roseburg address, a decrease of $5.87 \%$ from the prior year (Page 25).
26. The number of associate level degrees awarded in 2016-2017 decreased by 4 degrees. In 2015-2016, 329 degrees were awarded, in 2016-2017, 324 degrees were awarded for a $1.52 \%$ decrease (Page 26).
27. The number of certificates awarded decreased by 4 , from 75 in 2015-16 to 71 in 2016-17 or a $5.33 \%$ decrease (Page 27).
28. Of students graduating with associate and certificate level awards during the academic year, $34.4 \%$ had transferred credit from other institutions. This is a decrease of $2.1 \%$ from the prior year. (Page 30).
29. Applications for admission increased by 323 or $9.17 \%$. Enrollment, as a percentage of applicants, was $60.33 \%$, a decrease of $4.65 \%$ over the previous year (Page 33).
30. Financial Aid Applications increased by 104 or $2.85 \%$ from the previous year. The number of students that applied for financial aid and enrolled (with or without financial aid) decreased by 88 or $-4.19 \%$ from the previous year. The number of applicants that enrolled with federal financial aid increased by 27 or $1.79 \%$ from the previous year (Page 34).
31. Total financial aid disbursed to students (all sources) increased by $\$ 202$, 557 or $1.98 \%$ from the previous year (Page 34).

## Definitions

The following definitions are intended to facilitate understanding of the terminology used throughout this report.

Adult and Continuing Education (ACE) - This title replaces the previously used Community Education area with categories in Health and Fitness, Safety, Workforce, and other. Community Education self-support classes are now under Non-Reimbursable Hobby, Recreation, and other.

Adult Basic Education (ABE) - Courses designed to teach fundamental academic and pre-occupation skills for adults with less than the equivalent of a ninth grade education. The main focus of instruction is on language arts and computational skills.

Adult High School - Courses designed to fulfill the requirements for the Oregon Adult High School Diploma.
Career and Technical Apprenticeship (CP App.) - Courses designed to provide apprenticeship and related training.

Career and Technical Preparatory (CP Prep.) - Courses designed to meet the needs of students preparing for an occupational specialty. Courses may be bundled into programs of up to two years in length.

Career and Technical Supplemental (CP Supp.) - Courses designed primarily for persons currently employed in business and industry. They are normally of short duration, focused on a specific topic, and are intended to upgrade the skills of the individual.

Career Pathway Certificate - Consist of curriculum that is modularized into smaller sets of courses or proficiencies ( 12 to 44 credit hours) that can be taken in one to three academic terms, and will lead to an entrylevel job or job advancement as identified by employers.

Dual Credit - High School students that are prepared to succeed in college level classes offered by the College with instruction delivered in high school classrooms, via interactive TV, and the internet.

English as a Second Language (ESL) - Courses to help persons whose native language is not English to understand, speak, and write the English language.

Enrollments - The student is counted once for each class for which they are enrolled. Example: A student is enrolled for three classes and another student is enrolled for one class. The total number of enrollments is four.

Expanded Options - (EOP) High school students released from the high schools to attend regular college level classes at the college.

Full Time Equivalence (FTE) - Beginning with the 1994-95 academic year, one FTE is equal to 510 student contact hours. Prior to 1994-95, the Lower Division Transfer FTE figure was derived by dividing the number of Lower Division credit hours by 45 and one FTE in vocational-technical and other non-credit courses was determined by dividing the total number of student contact hours by 680 .

General Education Development (GED) - Courses designed to provide a review of and instruction in basic academic skills to prepare adults who have not graduated from high school to pass the five GED tests. An Oregon Certificate of equivalency is issued by the Oregon Board of Education to individuals who earn passing scores.

Lower Division Collegiate (LDC) - Courses that are transferable to four-year colleges and universities and to meet general education requirements of Career and Technical Students.

Non-Reimbursable - Hobby and recreation classes, career and technical supplemental classes of less than one hour of duration, and any other class that does not qualify for state reimbursement.

Non-Training Certificate- Recognition of successful completion of the learning skills and knowledge requisites and educational achievements associated with specific course outcomes in noncredit classes or programs. The Oregon Legislature approved House Bill 2410 this summer which allows Community Colleges to offer NonCredit Training Certificates.

## OCCWD - Office of Community College and Workforce Development

Oregon Transfer Module- Conferred upon students who complete a lower division college transfer program meeting requirements set jointly by Oregon's community colleges and public universities. This module provides "block transfer" to Oregon's four-year colleges and universities.

Post-Secondary Remedial (PSR) - Courses designed to prepare students for college level courses that are also commonly referred to as developmental courses.

Self-Improvement - Courses intended primarily for adults that are independent of occupational or lower division collegiate curricula. These courses are not intended for programs which may lead toward a baccalaureate degree. They may be used as prerequisites and elective courses in career and technical degree and certificate programs.

Undergraduate - Students participating in Lower Division Collegiate, Career and Technical, and college level general education classes.
$\underline{\text { Web-Enhanced }}$ - Web-based course enhancements that do not reduce or change the number of required class meetings.

Web-Hybrid - Several definitions of web based hybrid or blended courses exist with three (3) main points:

1. Web-based learning activities are introduced to complement face-to-face work.
2. "Seat Time" in a physical class setting is reduced, though not eliminated altogether.
3. The Web-based and face-to-face components of the course are designed to interact pedagogically to take advantage of the best features of each.

## Annual Comparison of FTE by State Activity Category

（Past Five Years）

| Category | 2012－13 | 2013－14 | 2014－15 | 2015－16 | 2016－17 |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Lower Division Collegiate | 1，368．23 | 1，177．89 | 1241.95 | 1，244．09 | 1，209．22 |  |
| Career \＆Tech．Preparatory | 741.41 | 648.87 | 571.71 | 556.72 | 566.79 | －－－－ |
| Career \＆Tech．Supplemental | 206.05 | 141.94 | 173.15 | 175.76 | 207.26 | －＿－ロ■ |
| Apprenticeship | 8.52 | 14.50 | 20.32 | 27.91 | 32.27 | －■ |
| ESL | 6.66 | 14.26 | 11.81 | 13.07 | 11.65 | －■■■■ |
| Adult Basic Education | 323.53 | 444.86 | 511.16 | 351.05 | 333.37 | －■ |

| Self Improvement | 65.75 | 63.52 | 74.87 | 73.91 | 53.63 | －ロロ |
| ＊＊Total Reimbursable FTE | 3，233．80 | 2，932．20 | 3，004．95 | 2，820．70 | 2，751．68 | －$=$－ |
| Non－Reimbursable | 105.34 | 109.60 | 99.51 | 123.05 | 93.12 | －■－ |
| Total FTE | 3，339．14 | 3，041．80 | 3，104．46 | 2，943．75 | 2，844．80 | 1 |

Note：This table may show small differences year to year as the data is updated with corrections and adjustments．

## Changes of note：

－Adult High School program＇s FTE has been decreasing steadily for the past several years．This has been due to budget cuts resulting in staff and faculty losses（such as the loss of the Novel Stars Online Coordinator and part－time instructors）and also due to local high school programs creating in－house， alternative high school programs and other offerings．As a result of this continued decrease in FTE，the Adult Basic Skills Development program determined that it would no longer offer Adult High School classes at the Woolley Center（they continue to be offered at the WCJC location and in credit recovery programs at Glide High School）in the 2015－2016 academic year，and would focus instead on instruction in the 2014 GED Test Series．The new GED test requires students to take longer to prepare particularly in Mathematical Reasoning．
－Lower Division Collegiate decreases are a function of the overall decline in enrollment．
－CTE has decreased with the overall decrease in college enrollment．Apprenticeship has shown a steady increase largely as a result of employers actively hiring in the much improved economic environment．

Prior year's data may include minor adjustments to ensure comparative compatibility.

## FTE for Dual Credit High School Programs

| FTE | $\mathbf{1 2 / 1 3}$ | $\mathbf{1 3 / 1 4}$ | $\mathbf{1 4 / \mathbf { 1 5 }}$ | $\mathbf{1 5 - 1 6}$ | $\mathbf{1 6 - 1 7}$ | $\#+/-$ | $\%$ |
| :--- | ---: | ---: | ---: | ---: | ---: | ---: | ---: |

## UCC Online Class History

The following data and chart include fully on-line sections, web-enhanced, and hybrid classes provided by Umpqua, and do not include on-line classes hosted for other Oregon community colleges.

| Academic Year | $12-13$ | $13-14$ | $14-15$ | $15-16$ | $16-17$ |
| :--- | ---: | ---: | ---: | ---: | ---: |
| Number of Classes | 366 | 318 | 317 | 336 | 367 |
| Total FTE | 461.39 | 384.06 | 360.16 | 413.02 | 470.28 |

Past years data have been corrected to exclude web-enhanced classes and related class coding corrections.

## UCC Distance Education Classes

The number of fully on-line classes offered at Umpqua increased by 31 or $9.22 \%$
$>$ The number of enrollments increased by 813 or $15.68 \%$
$>$ Total FTE increased by 57.26 or $13.86 \%$
$>$ EdtoGo courses hosted by Community Education are not included in the calculations above

## UCC Online Enrollment and FTE

The following data shows the contribution of online education to each department or program area excluding Dual Credit High School classes.

Academic Year 2016-17:

| Method | Classes | Enrollment | Total FTE |
| :--- | ---: | ---: | ---: |
| Fully-online | 367 | 5,997 | 470.28 |
| Web-Enhanced | 1,724 | 21,015 | $1,867.34$ |
| Web Hybrid | 19 | 213 | 14.13 |
| Tele course | 0 | 0 | 0.00 |
| Totals | 2,110 | 27,225 | 2,352 |

Classes that include both an on-line and classroom component are considered "Web Hybrid" classes. An example is a class where instruction takes place on-line and labs are held in a physical location.

## Historical Headcount and FTE Report

The unduplicated student headcount generally increases during economic downturns as the unemployed turn to education for additional training and job skill development. However, enrollment increases related to an economic downturn may be largely offset by reductions in Career and Technical/Supplemental training as business and industry cut back on training and/or reduced their work force.

| Academic <br> Year | Un- <br> Duplicated <br> Headcount | Total <br> FTE |
| :--- | ---: | :--- |
| $2012-13$ | 14,757 | $3,339.68$ |
| $2013-14$ | 13,604 | $3,041.96$ |
| $2014-15$ | 14,555 | $2,904.00$ |
| $2015-16$ | 14,556 | $2,943.00$ |
| $2016-17$ | 13,701 | $2,894.16$ |

The annual unduplicated headcount decreased by 855 or $0.058 \%$ as the enrollment numbers steadily decline ending the increaseas seen during the economic downturn in 2008.

- Data prior to the 1996-97 academic year is not comparable as the head count was based on the total persons that had academic contact or business with the College. The unduplicated headcount presented here includes all enrolled students.

## FTE Comparison of Oregon Community Colleges

Data in the following table are from the Oregon Department of Community Colleges and Workforce Development＇s＂Final Audited Total Reimbursable FTE＂report．This table does not include internal corrections and additions that occurred after the annual FTE audit process was concluded．

| Oregon Community Colleges | Reimb <br> FTE 12－13 | Reimb <br> FTE 13－14 | Reimb <br> FTE 14－15 | Reimb <br> FTE 15－16 | Reimb <br> FTE 16－17 |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Blue Mountain | 2，351 | 2，302 | 2，159 | 1，861 | 2，025 | $\square \square \square-\square$ |

| Tillamook Bay | 501 | 492 | 448 | 397 | 424 | $\square \square \square-\square$ |
| Treasure Valley | 2，094 | 2，006 | 1，899 | 1，737 | 1，613 | －■■ー－ |
| Umpqua | 3，317 | 2，998 | 3，006 | 2，891 | 2，797 | －$=-$ |
| Total Reimb FTE | 112，153 | 100，870 | 97，362 | 90，511 | 88，201 | ㅁㅜㅡ－ |

Note：The Community College Workforce Development（CCWD）requested student data from all community colleges going back to 2006－07．The resubmission included all updates，modification，de－duplication，and deletions that happened after UCC＇s Annual Enrollment Reports were submitted for Board acceptance．All official college numbers resubmitted have been updated on the state website．As a result，past Annual Enrollment Report student data does not match CCWD＇s numbers．

All FTE data in this table includes the fall term＂Hold Harmless＂calculations and state audit adjustments．
－Data source：Oregon Department of Community College and Workforce Development（OCCWD）．
－Prior year reports listed Total FTE．This is the $1^{\text {st }}$ year the report has focused on reimbursable FTE only as this is a key value input to the state community college funding formula．

## Credit Students Enrolled Full Time by Term

(Registered for 12 or more credit hours)

| Term / Academic Year | 2012-13 | 2013-14 | 2014-15 | 2015-16 | 2016-17 | $\%+$ or - | $\#+/-$ |
| :--- | ---: | ---: | ---: | ---: | ---: | ---: | ---: |
| Summer | 183 | 107 | 84 | 86 | 87 | 1.16 | 1 |
| Fall | 1,145 | 912 | 986 | 809 | 891 | 10.14 | 82 |
| Winter | 1,056 | 875 | 897 | 870 | 873 | 0.34 | 3 |
| Spring | 957 | 812 | 852 | 821 | 800 | -2.56 | -21 |
| Average per Term <br> (excluding Summer) | 1,053 | 866 | 912 | 833 | 855 | 2.56 | 21 |

- The number of students enrolled full-time (12 or more credit hours) increased for summer, fall, and winter terms when compared to the same term of the prior academic year. The average increase in full time students, 2015-16 to 2016-17, is $2.56 \%$ or 21 full-time students per term.

## Student Headcount Enrollment Distribution by Term

Non-Credit vs. Credit
(Excluding Dual Credit Students)

|  | Summer Term |  |  | Fall Term |  |  | Winter Term |  |  | Spring Term |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Term / Academic Year | $\begin{aligned} & \hline 14- \\ & 15 \\ & \hline \end{aligned}$ | $\begin{aligned} & \hline 15- \\ & 16 \end{aligned}$ | $\begin{aligned} & \hline 16- \\ & 17 \end{aligned}$ | $\begin{aligned} & \hline 14- \\ & 15 \end{aligned}$ | $\begin{aligned} & \hline 15- \\ & 16 \end{aligned}$ | $\begin{aligned} & \hline 16- \\ & 17 \end{aligned}$ | $\begin{aligned} & 14- \\ & 15 \end{aligned}$ | $\begin{aligned} & \hline 15- \\ & 16 \\ & \hline \end{aligned}$ | $\begin{aligned} & \hline 16- \\ & 17 \end{aligned}$ | $\begin{aligned} & \hline 14- \\ & 15 \end{aligned}$ | $\begin{aligned} & \hline 15- \\ & 16 \\ & \hline \end{aligned}$ | $\begin{aligned} & \hline 16- \\ & 17 \end{aligned}$ |
| Non-Credit | 2987 | 3305 | 2872 | 3643 | 3759 | 3558 | 3256 | 2905 | 2846 | 3741 | 3393 | 3012 |
| < Half-time ( $1-5 \mathrm{cr}$.) | 550 | 397 | 791 | 455 | 649 | 692 | 431 | 655 | 789 | 565 | 805 | 815 |
| Half-time (6-8 cr.) | 197 | 190 | 187 | 293 | 345 | 299 | 258 | 300 | 277 | 306 | 312 | 311 |
| 3/4-time (9-11 cr.) | 125 | 130 | 101 | 337 | 354 | 303 | 284 | 266 | 253 | 257 | 263 | 228 |
| Full-time (12-19 cr.) | 94 | 101 | 98 | 1105 | 938 | 990 | 1025 | 958 | 937 | 929 | 856 | 83 |
| $\frac{>19 \text { Credits }}{\text { (overload) }}$ | 0 | 1 | 2 | 2 | 9 | 11 | 2 | 11 | 8 | 10 | 15 | 11 |
| ** Total | 3953 | 4124 | 4051 | 5835 | 6054 | 5853 | 5256 | 5095 | 5110 | 5808 | 5644 | 5214 |
| credit check | 966 | 819 | 1179 | 2192 | 2295 | 2295 | 2000 | 2190 | 2264 | 2067 | 2251 | 2202 |
| Dual Credit | 0 | 0 | 0 | 0 | 0 | 401 | 0 | 0 | 559 | 0 | 0 | 584 |

The average number of students attending for non-credit and credit both increased and decreased in each category:
$>$ Non-Credit decreased $6.38 \%$ or 213 students.
$>$ < Half Time increased $8.87 \%$ or 62 students.
$>$ Half Time decreased $7.31 \%$ or 23 students.
$>3 / 4$ Time decreased $11.21 \%$ or 33 students.
$>$ Full Time (12-19 cr.) increased $0.44 \%$ or 4 students.
$>$ Full Time (>19 cr.) increased $14.29 \%$ or 2 students.

## Enrollment by Age Distribution

(Past Five Years)
As a \% of All Students:

| Age / Year | $\begin{aligned} & \hline 2012- \\ & 13 \end{aligned}$ | $\begin{aligned} & \hline 2013- \\ & 14 \\ & \hline \end{aligned}$ | $\begin{aligned} & \hline 2013- \\ & 14 \end{aligned}$ | $\begin{aligned} & \hline 2014- \\ & 15 \\ & \hline \end{aligned}$ | $\begin{aligned} & \hline 2015- \\ & 16 \end{aligned}$ | $\begin{aligned} & \hline 2016- \\ & 17 \\ & \hline \end{aligned}$ | $\begin{aligned} & \hline 2012- \\ & 13 \end{aligned}$ | $\begin{aligned} & \hline 2013- \\ & 14 \end{aligned}$ | $\begin{aligned} & \hline 2014- \\ & 15 \\ & \hline \end{aligned}$ | $\begin{aligned} & \hline 2015- \\ & 16 \\ & \hline \end{aligned}$ | $\begin{aligned} & 2016- \\ & 17 \\ & \hline \end{aligned}$ |

Students Average Ages

| Age / Year | $\mathbf{2 0 1 1 - 1 2}$ | $\mathbf{2 0 1 2 - 1 3}$ | $\mathbf{2 0 1 3 - 1 4}$ | $\mathbf{2 0 1 4 - 1 5}$ | $\mathbf{2 0 1 5 - 1 6}$ | $\mathbf{2 0 1 6 - 1 7}$ |
| :--- | ---: | ---: | ---: | ---: | ---: | ---: |
| Average age all | 37.87 | 37.65 | 37.76 | 35.78 | 34.8 | 34.85 |
| Ave age non- <br> credit | 42.16 | 41.87 | 41.75 | 42.3 | 37.63 | 37.8 |
| Ave age Credit | 28.69 | 27.59 | 27.16 | 26.4 | 27.02 | 27.76 |

Credit Students: The average age for credit students increased from 27.02 to 27.76 years, an increase of 0.74 years from the previous year. The percentage of total credit students 21 years old and younger versus over 21 decreased to $28.80 \%$ a change of $2.20 \%$ over the prior year, changing the shift toward older students.

Non-Credit Students: The average age of non-credit students shifted from 37.63 to 37.80 a decrease of 0.17 years from the prior year.

All Students: The average age of all students changed from 34.80 to 34.85 , an increase of 0.05 years.

## Ethnic Breakdown of College Level Credit Students

| Students Education Level at start of enrollment | Summer | \% of <br> Summer <br> Term <br> Total | Fall | \% of <br> Fall <br> Term <br> Total | Winter | \% of <br> Winter <br> Term <br> Total | Spring | \% of <br> Spring <br> Term <br> Total | Annual | \% of <br> Annual <br> Total |

| CER Certificate | 28 | 2.84\% | 56 | 2.45\% | 68 | 3.04\% | 65 | 3.05\% | 108 | 3.26\% |
| CMD Master's Degree | 10 | 1.01\% | 16 | 0.70\% | 19 | 0.85\% | 20 | 0.94\% | 30 | 0.91\% |
| NON None | 328 | 33.27\% | 877 | 38.36\% | 797 | 35.63\% | 757 | 35.47\% | 1,169 | 35.29\% |
| SOM Some College Cred. | 352 | 35.70\% | 814 | 35.61\% | 818 | 36.57\% | 799 | 37.44\% | 1,200 | 36.22\% |
| No Answer | 0 | 0.00\% | 0 | 0.00\% | 0 | 0.00\% | 0 | 0.00\% | 0 | 0.00\% |
| No Response | 137 | 13.89\% | 259 | 11.33\% | 252 | 11.27\% | 236 | 11.06\% | 375 | 11.32\% |
| Total Responses | 986 |  | 2,286 |  | 2,237 |  | 2,134 |  | 3,313 |  |

- Unduplicated Annual data: Race/Ethnicity percentages remained virtually unchanged from the prior year.

## Gender Ratios of College Level Credit Students

| Academic <br> Year | \% Male | \% Female | \% Gender <br> Unknown |
| :--- | ---: | ---: | ---: |
| $2001-02$ | 42.47 | 57.47 | 0.06 |
| $2002-03$ | 41.09 | 58.85 | 0.06 |
| $2003-04$ | 42.55 | 57.35 | 0.10 |
| $2004-05$ | 42.34 | 57.59 | 0.07 |
| $2005-06$ | 42.46 | 57.18 | 0.36 |
| $2006-07$ | 45.89 | 52.38 | 1.73 |
| $2007-08$ | 44.53 | 54.15 | 1.32 |
| $2008-09$ | 45.75 | 52.63 | 1.62 |
| $2009-10$ | 42.97 | 56.77 | 0.26 |
| $2010-11$ | 43.66 | 56.22 | 0.12 |
| $2011-12$ | 42.93 | 56.94 | 0.13 |
| $2012-13$ | 43.38 | 54.16 | 2.45 |
| $2013-14$ | 42.17 | 57.76 | 0.06 |
| $2014-15$ | 41.23 | 58.60 | 0.17 |
| $2015-16$ | 43.40 | 56.60 | 0.19 |
| $2016-17$ | 41.83 | 57.88 | 0.29 |

- The data for 2006-07 forward has been adjusted to exclude dual credit high school students.
- The gender ratio of male to female credit student population remained the same with higher female percentage and lower male and gender unknown percentages of the total.
- Breakdown by gender report shows: $57.91 \%$ female, $41.80 \%$ male and less than $1 \%$ undeclared.

## Honor Roll by Quarter

(Past Five Years)
Vice-Presidents Honor Roll (3.5-3.74 GPA)

| Term/Year | $2011-$ <br> 12 | $2012-$ <br> 13 | $2013-$ <br> 14 | $2014-$ <br> 15 | 2015- <br> 16 | $2016-$ <br> 17 |
| :--- | ---: | ---: | ---: | :--- | ---: | ---: |

- The number of pathway certificates awarded increased by 99, from 29 in 2015-16 to 128 in 2016-17 or a $341 \%$ increase.

## Addition of Non Credit Training Certificate and Oregon Transfer Module

A non-credit training certificate is defined as recognition of successful completion of the learning skills and knowledge requisites and educational achievements associated with specific course outcomes in noncredit classes or programs. The Oregon Legislature approved House Bill 2410 this summer which allows Community Colleges to offer Non-Credit Training Certificates. The certificates can be awarded for single stand-alone courses or series of courses, with combined 18-210 instructional hours. In order to meet the needs of local Oregon communities, the content and rigor would be determined and standardized at the institutional level.

The Oregon Transfer Module conferred upon students who complete a lower division college transfer program meeting requirements set jointly by Oregon's community colleges and public universities. This module provides "block transfer" to Oregon's four-year colleges and universities. A minimum 45 credits with a grade of C or higher and a cumulative GPA of 2.0 or higher are needed to satisfy OTM requirements.

| Non Credit Training Certificate | 2017 | \# <br> Chng | \% Chng |
| :--- | ---: | :--- | :--- |
| Phlebotomy | 16 |  |  |
| Pharmacy Technician | 9 |  |  |
|  | 12 |  |  |
| Welding | 12 |  |  |

- The number of non-credit training certificates awarded for 2017 in were 37.

| Oregon Transfer Module | 2017 | $\#$ <br> Chng | \% Chng |
| :--- | ---: | :--- | :--- |
| Undeclared | 2 |  |  |

- The number of students who met the requirements for the Oregon Transfer Module in 2017 were 2.

UCC Graduates with credit transferred from other colleges
(Past Five Years)

| \% Recipients / <br> Year |  | $12-13$ | $13-14$ | $14-15$ | $15-16$ |
| :--- | :--- | :--- | :--- | :--- | ---: |$| 16-17$.

Many students attending college have earned prior college credit from one or more institutions. The percentage of students attending with prior credit may fluctuate as students upgrade their knowledge and skills or re-train in new fields of study.

- Of the students graduating with associate and certificate level awards during the academic year, $34.4 \%$ had transferred credit from other institutions. This is a decrease of $-2.1 \%$ from the prior year.

The following chart depicts the percentage of Umpqua graduates that transferred credit from other colleges by award area.

## Undergraduate Students by Declared Major

(Past Five Years)

Students who declare transfer majors intend to transfer to four-year institutions. This information gives the College a sense of the training and transfer programs these students are interested in. Most of the transfer majors listed do not represent programs offered by UCC but may reflect the growing number of articulation agreements with other colleges and universities.

## Transfer Majors:

- Non-Degree Students - The 2007-08 academic year is the first year the college reported non-degree students. These students were enrolled in Lower Division Transfer, Career and Tech/Preparatory, or Career and Tech/Apprenticeship classes but have not declared a program of study. All Career and Technical majors, as indicated above, have been steadily declining.
- The 2014-15 year was appended to reflect changes in program code descriptions

## Applications for Admission and Enrollment Review

Applications for Admission by Term

|  | $\begin{array}{\|l\|} \hline 2012- \\ 13 \\ \hline \end{array}$ | $\begin{array}{\|l\|} \hline 2013- \\ \hline 14 \\ \hline \end{array}$ | $\begin{array}{\|l\|} \hline 2014- \\ 15 \\ \hline \end{array}$ | $\begin{array}{\|l\|} \hline 2015- \\ 16 \\ \hline \end{array}$ | $\begin{aligned} & \hline 2016- \\ & 17 \\ & \hline \end{aligned}$ | \# +/- | \% +/- |
