Success at UCC:
Elevating Educational Development (SUCCEED)

Current Challenges:

- **Student preparedness, retention, graduation, and lack of coordinated professional development**

Activities:

1. **Technology support for students (student help desk)**
2. **First Year Experience: redesign a vibrant course that supports students transition into college**
3. **Academic supports: improve tutoring support and create a writing center**
4. **Teaching & Learning Hub: develop collaborative space for teaching, professional development, and student support, mirror a smart classroom**
5. **Course redesign: revamp courses utilizing co-requisites and co-teaching models to improve success rates**
6. **Early Alert: Deploy software that identifies students that are at risk in failing courses to prioritize outreach**

Outcome:
