

LONE ROCK RESOURCES FRED & FRANCES SOHN

UCC FORESTRY SCHOLARSHIP

Lone Rock Resources Fred and Frances Sohn Scholarship is offering one \$1,500 scholarship for an Umpqua Community College student currently enrolled in one of the following degree programs: Forest Engineering, Forest Management, Forest Restoration and Fire, or Forest Operations. This scholarship will be awarded within ninety (90) days of the application due date for student's educational cost; including tuition, fees, books and living expenses. Submitted material will be reviewed by Lone Rock Resources Scholarship Committee.

Preferred Applicant:

- Successfully completed 36 or more credits
- Full time student
- College accumulated GPA 3.0 or greater
- Enrolled in Forest Engineering, Forest Management, Forest Operations, or Forest Restoration and Fire

Fred and Frances Sohn:

Fred Sohn was born in Winnweiler, Germany. After completing the 10th grade, Fred worked as a flour-milling apprentice in the Black Forest area of Germany. In 1936, with the assistance of his employer, he fled Nazi Germany and in 1938, immigrated to the U.S. to work in Houston, Texas, for the same company that helped him flee Germany. While in Houston during 1938, Fred had a blind date with Frances Baldauf Fohs, who was home on vacation from college. It was love at first sight. Frances graduated from Mills College in Oakland, CA in the spring of 1940 with a degree in German literature and an emphasis in French and later that year, she and Fred married. Fred received a degree in animal husbandry from Iowa State University in 1948. In 1949, Fred and Frances moved to Roseburg with their three eldest children and founded a lumber manufacturing operation which they named Sun Studs, Inc. In 1950, Sun Studs purchased its first timber contracts and timberlands to supply the mill. The lands eventually became Lone Rock Timber Co. which, along with its affiliates, continues today as the family business. Mr. Sohn's life work was the development of Sun Studs, Sun Veneer, and Lone Rock Timber. He was known for electronic innovations in wood products manufacturing technology, as well as workforce productivity and retention. Fred Sohn served the Roseburg community through numerous leadership positions and charitable causes.

Throughout 60 years in Roseburg, Frances and Fred Sohn together built a full family, community and business life. Frances' desire to spread her love of reading and the arts led to a major commitment to the Douglas County Library in later years, as well as many Roseburg elementary school libraries, through the purchase of books and financial support for school art programs.

Fred and Frances' recognition and support of the importance of education and youth in their local community lives on today with this scholarship.
