Advising Notes	LA 280: recommend waiting until second year to take if students are not concerned about getting the certificate at the end of year one. Recommend taking back to back terms, preferably winter and spring, or spring and summer
	* Term 1 is based on a student starting in Fall term. If students start in Winter term, they should follow terms 1, 2, and 3 with winter, spring, and summer classes. If students start in spring term, it is best to work out this schedule with the coordinator, but would generally take LA101, WR121, BA180, and PSY101.
	* with the exception of LA 280 - Cooperative Work Experience which can be done in an office near where student resides
