### **Statements from Audience:**

None.

### **Old Business:**

None.

### **New Business:**

Lee showed a PP presentation about starting an herb garden. Lee proposes the garden to be built outside the cafeteria, with the thought that fresh herbs could be used in preparation of meals by staff or by culinary students. The garden would include a green house made of wood and plastic. Lee was not asking for funds, but would like to see the garden funded through bake sales. The idea is tabled for right now, as no one is on campus due to Covid-19. Questions brought up from others in the meeting included:

- Who would be responsible for the garden? Volunteers? Paid?
- Is it practical, considering we no longer have a cafeteria?
- Would bake sales generate enough money?

**Good of the Order:**

- Coester shares that the OCCA (the Oregon Community College Association) is holding the November Oregon Pathways Institute (Virtual) on November 12-13. And they want to hear (briefly) from students. We would like to infuse short snippets of student voices by asking students to take a short video of themselves answering the question, "Why are you in college?" Completed videos need to be sent to Jani Nygaard ([jnygaard@education-first.com](mailto:jnygaard@education-first.com)), Education First, by October 30th. The snippets will be infused throughout the institute on November 12th and 13th so it would be great to have as broad of representation as possible.
- Mirza urges everyone to continue self-care.
