INSIDE THIS PUBLICATION

ABOUT COMMUNITY CONNECTIONS

This publication has a brand new look. What was once called the UCC quarterly class schedule is now called UCC Community Connections.

For the past several years, the college has mailed the class schedule to roughly 50,000 homes in Douglas County as our way of informing the public what we offer. As technology has changed, so has our way of reaching the community. A few years ago we made the printed schedule that you receive in your mailbox available online. The schedule is the second most-read source on the UCC website, so we know how important it is for this information to be accessible and current.

In changing to this new publication, we've moved our college "credit class" schedule completely online. The students in our community will always have access to the most up-to-date credit class schedule additions and changes — something we weren't able to provide when the schedule was in print. The online schedule can be accessed 24/7 at umpqua.edu/class-schedule.

So what's here? You'll still find the schedule and information for Community and Workforce Training, Small Business Development Center, and Adult Basic Skills as well as information on Registration and a calendar of UCC's Arts and Athletics events. In addition, we'll share stories about students, outstanding alumni, and community partners who join us in academic excellence.

Check it out. We welcome your feedback.

SPOTLIGHT ON STUDENT SUCCESS

Providing a 'Stay and Play' Opportunity for Student Athletes

Umpqua Community College (UCC) is stepping up to the plate to bring back college baseball. Following a 35-year hiatus, the first game of the 2020 season will be played on Saturday, Feb. 22. The scheduled double-header games will be played at the newly-renovated One Champion Field near Stewart Park.

Two years ago, UCC made a business decision to bring baseball back as a competitive sport. The idea was two-fold: Boost enrollment and provide local athletes the opportunity to stay and play closer to home. The first year was a building one. Now that it's year two, it's time for the 31-man roster to play ball. One of the local athletes who is taking advantage of this 'stay and play' opportunity is Jacob Luther. He grew up in Roseburg, attended Umpqua Valley Christian School, and has played baseball since he could walk. The right-hander has been looking forward to this for a long time.

"I love this game and the atmosphere around it," Luther said. "I'm very

competitive. My dad played baseball in high school and he taught me a lot of what I know about [the game]."

Groomed to be an athlete, Luther wanted to continue his baseball career for as long as he could. During his sophomore or junior year, he started to hear about baseball coming back to UCC.

"The timing was perfect for me because that's about the time people start thinking about college," Luther said.

"And when I found out Coach [Jeremiah] Robbins was also coming back home to lead the program, that was it."

Luther started classes this past Fall term. He is currently studying general education with an interest in becoming an electrician someday.

"I like working with my hands," he said. "I want to do something that will keep me in shape and that will pay well enough to provide for a family. It seems like a good job and a good match for me."

Along with his performance on the field, Luther has also been consistently hitting home runs in the classroom.

"Our coaches preach all of the time that we are building a lifestyle, and that attitude and effort mean everything . . . It's all about taking ownership and putting in the work . . . It's a great feeling when you accomplish something."

— Jacob Luther, UCC Student Athlete

"So far, I have all As and one B," he said. "The B was in writing. I'm not a great writer. My sister got all those skills. She's majoring in English at Oregon State University. I'm kinda jealous of that . . . but I do have a 116% in Math."

Luther enjoys UCC because it's all about pushing yourself.

"It's all on you," he said. "You have to take ownership of your studies and yourself."

On the field and off, Luther says he has built relationships with his teammates; some he even played against while growing up. He says the team puts a lot of faith in their coach and their practices are tough.

"Our coaches preach all of the time that we are building a lifestyle and that attitude and effort mean everything," Luther said. "Be prepared to put in the work. It's all about taking ownership and putting in the work. You have to be prepared. Simple success is nice. It's a great feeling when you accomplish something."

Luther is currently playing second base but says he will play anywhere [Robbins] puts him. And wherever he ends up, he's ready for any challenge that's thrown his way on his new home turf.

"I'm so excited for it," Luther said. "This has been my home field for four years. The field was getting rough. It's incredible now and it's a real blessing for us to be able to play here. It's an amazing field."

The baseball season opener starts at 1 p.m. on Saturday, Feb. 22. Learn more at umpqua.edu/baseballisback

Learning to Drive Leads to New Opportunities

Unexplainable happiness is how Adult Driver Education student Sanu Nepali describes recently obtaining her Oregon driver's license.

"It makes me tear up to feel how glad and proud I am for deciding to take Driver Education at Umpqua Community College," Nepali said.

Originally from Nepal, Sanu experienced barriers to learning to drive including the language and cultural differences. Challenge is nothing new to Sanu who moved to Oregon and spent a year teaching herself English by watching YouTube and obtaining employment at a local care facility. Although she was nervous about taking this step, Sanu felt it was very important to learn to drive in a safe manner.

Soon it was time for Sanu's first Adult Driver Education Course. Similar to the High School Driver Education class, Adult Driver Education is offered to those ages 18 and over. It includes 30 hours of classroom instruction, six hours of driving, and six hours of observation. Sanu found her classroom instructor, Sharon, very friendly and professional. "I was very surprised by the information she taught me," Sanu said, "I'll use it my whole life."

After several weeks of classroom instruction, Sanu was ready to get behind the wheel for driving lessons.

"I'm pretty sure Gary, my behind-the-wheel instructor, closed his eyes a couple of times," Sanu said. "My instructor was extremely patient with me."

After completing Adult Driver Education, Sanu drove additional hours with UCC and was now ready to take her driving test.

Sanu was able to use the UCC Driver Education car to take her test at the DMV. Prior to her appointment, she spent an hour practicing with her instructor.

"By this time, Sanu was a polished driver so I told her she was good to go," says Gary Swanson, Driver Education Coordinator and Instructor.

Gary watched from DMV office window and Sanu completed the parking lot maneuvers including backing up along a curb, something Sanu had not practiced that morning. Overwhelmed with joy, Sanu came back to the DMV after her test with her test paper in one hand and a big thumbs-up in the other. After hugging her family member, she gave Gary a high-five saying, "None of this would be possible without your help".

Since earning her driver's license, Sanu has been able to secure a second job. The Community & Workforce Training Department at UCC offers several driving related courses including High School & Adult Driver Education, Limited Vision Bioptic Driver Training, How to Drive Your Motorhome, How to Back Your Trailer, Forklift Driving, and Commercial Truck/Bus Driving.

KATHY HASKINS Line Dancing

Love at first Grapevine

Although I fell in love with dancing in high school with a Modern Dance class, my passion for line dancing started after I took my first class in 2013 — *it was love at first grapevine.*

I became a regular at dance, made new friends, helped new dancers and eventually began teaching when we lost our instructor. Beginning classes led to intermediate and I find I enjoy researching, learning and teaching new dances while introducing a whole new generation of dancers to the diverse genres of music. My love for line dancing has given me opportunities to meet people of all backgrounds, strengthened my ties to this community and enabled me to join a resurgence of interest in line dancing in Douglas County and surrounding areas. I am honored to be teaching Line Dancing at UCC and look forward to meeting new dancers.
