SPOTLIGHT ON STUDENT SUCCESS

Former UCC students share their experiences and advice regarding their educational and career paths. Read their complete stories at umpqua.edu/success-stories

Cris Salazar

Adult High School Diploma, UCC Woolley Center, Roseburg, OR
AAOT from UCC, with an emphasis in Biology
Bachelor's degree from OSU in Fisheries Conservation

"UCC not only allowed me to find my niche but has spiraled me into a career working for federal agencies aiming to protect, monitor, and recover native fish populations. From Alaska to northern California I have worked with fisheries researchers and managers from the US Forest Service, Bureau of Land Management, and currently, Crater Lake National Park. None of this seemed possible until I made the decision to enroll at UCC and found out what 'getting an education' meant. And for me, it means getting a chance to travel, hike, camp, survey, electrofish, and snorkel all for the benefit of native fish and wildlife, as well as my own.

To those considering taking courses at UCC but unsure what type of education or career they really want to pursue, I say get out there and try something new! Taking courses in areas of study you are unfamiliar with or not currently interested in can trigger things hard to imagine without the exposure."

Ashli Payne

Olympic High School, Bremerton, WA
Women's Basketball All-American
AAOT from UCC, General Studies
Currently attending Eastern Washington University

"You may not know what you want to study yet. That is normal. I had no idea either, but UCC has some amazing advisors that will help you every step of the way until you figure things out.

I advise all students in general to USE the resources that are available to you to your advantage. The staff is there to help you. It's their job so don't be intimidated. You took a big step by making the decision to continue your education. Just stay focused and I assure you that anything can be accomplished as long as you put your mind to it."

Robert Johnson

Lincoln High School, Portland, OR
AAOT from UCC, emphasis in Communication
Graduate of Portland State University, Political Science
Graduate of University of Oregon, School of Law

"Getting through college, and life for that matter, is not designed to be attempted alone. There are so many moments throughout your time at UCC that you are going to need a helping hand, and the good news is those people are available at UCC. I encourage you to develop your support system. Don't forget where you came from, look forward to where you are going, and remember there are people at every step along the way."

Tom McNamara

Days Creek High School, Days Creek, OR
AAS & AAOT from UCC, Civil Engineering
Bachelor's degree from OSU in Fisheries Conservation

"The key to my success as an honors student was the group of fellow engineering students I paired up with almost immediately. Working together daily on not only engineering class homework, but core subjects, friendships were made that will last the rest of my life.

UCC's Survey/Engineering staff set me on an amazing career path. To start the ball rolling, they gave my name to Tim Moore, with the Roseburg BLM. That contact helped me land a summer Cooperative Work Experience position with the BLM office in Coos Bay. After graduation, I was offered a very nice job at the Roseburg BLM office. For the first time in my life, I have more than just a job; I have a career in which I have advanced 5 times in the last 4 1/2 years. I love what I do and am so glad I made the decision to return to college in my forties. It wasn't easy, my family and I made huge sacrifices along the way, but it was so worth it!"

Amanda McNulty

*Attended UCC, President's Honor Roll & Dean's Honor Roll
Currently attending Stella Adler Studio, New York, NY*

As a UCC Theatre Arts student, Amanda had prominent roles in several campus productions including: Bus Stop, Romeo & Juliet and Brownstone. To further her career, Amanda was accepted into the 3-year Stella Adler Studio in New York City.

Stephanie Newman, Amanda's theatre arts professor at UCC, comments, "Amanda has great talent, and I'm very proud of her stepping on to the next level in her training and career. She is one example of the many success stories from our students who train to be prepared for when opportunities arise."

Scott Harvey

*GED, UCC Woolley Center, Roseburg, OR
AAOT from UCC, Civil Engineering
Bachelor's degree from OIT in Engineering
Owner/Operator of Harvey Engineering Inc.*

"I was a timber faller. I knew guys that got hurt pretty badly and I wasn't getting any younger. I had been doing that for about fifteen years and I figured I should try something different.

I think that people see UCC as one of the important avenues to do better and improve their lives."
