## FORMER AND CURRENT TRANSFER STUDENTS SHARE THEIR EXPERIENCE

### Devon Johnson

#### *Oregon Planning Forester for Roseburg Forest Products*

"My choice to attend UCC was financially driven. The ability to stay local, work, and take courses that directly correlated to Oregon State University, at lower costs, was critical to my goal of obtaining a college education," Devon explained.

For him, UCC's friendly environment and charming campus were an added benefit. The recent graduate listed some reasons for pursuing his degree; "My main motivation was to become the best version of myself that I could be. Even now that I have my Bachelors of Science in Forest Engineering from Oregon State University, I continually look for seminars and professional training to continue my education. The industry I work in is dynamic, progressive and proactive, making it a necessity to seek out continuing education." The young man added, "I guess you could say that UCC started me on a path of lifelong learning."

Devon currently works as the Oregon Planning Forester for Roseburg Forest Products. "My job includes maintaining a harvest schedule for our Oregon timberland of approximately 450,000 acres. The future is bright! I work for a great company in an amazing industry. I see myself continuing to live here in Roseburg and to build my career at Roseburg Forest Products."

### Eston Hughey

#### *Current Student working toward a degree in Forest Operations Management*

"My educational journey began at UCC in large part due to the UCC 50/50 and Oakland FFA scholarships that I received to help with my first year costs. Knowing that it is almost impossible to get a job in the field of forest management without a degree led me to the Forest Operations: OSU Transfer program right here at UCC. The program prepares students like myself for transfer to the Forestry bachelor's degree program at Oregon State University (OSU). UCC's curriculum meets my needs and staying close to home fits my budget.

A career in forestry seemed like a good fit, especially after our FFA team won the state forestry competition, and moved on to take 7th at the national competition in Louisville Kentucky. Close friends of mine work for Seneca Jones and Lone Rock Timber, so you might say things just all came together for me to move forward with my forestry degree."
