EXAM NOTE

Day classes that begin at times other than those listed, or when the first weekly class session is on Wednesday, Thursday or Friday — the instructor will arrange for a final exam time that is open for all of the students in the class. Exams will be held in regular classrooms.

*Individual lessons are variable credits-specify 1 or 2 credits when you register. Any student registering for an Individual Music Lesson MUST contact the Fine and Performing Arts Program Assistant (541-440-4691 or sarah.link@umpqua.edu) in order to get contact information for the instructor. It is the STUDENT'S responsibility to establish contact with the instructor during or before the FIRST WEEK OF CLASSES. Failure to do so will result in the student being dropped from roster, and possible forfeiture of tuition and fees.

ADULT HIGH SCHOOL DIPLOMA

Students may also earn an Adult High School Diploma through Umpqua Community College. The Woolley Center offers the majority of the high school diploma classes. These classes run four days a week in 5 ½ week sessions. In addition to course work, adults may be eligible for high school credit from significant life experiences including work experience, military training, community service and homemaking. Classes are free for students on referral from an area high school, and \$27 per half credit for students paying their own way. For more information on the high school class schedule, please contact the Woolley Center at 541-440-4603..

WOOLLEY CENTER HIGH SCHOOL CREDIT CLASSES

The Woolley Center high school program focuses on college and career preparation. Statistics show that over 80% of jobs earning \$45,000 in Oregon require some post-secondary training: either a college degree or professional/technical certification. Yet many high school students graduate or drop out without a clear idea of what they will or can do next. The program addresses this by familiarizing students with high-growth occupations as well as local training opportunities. The goal is to kindle each student's natural interests and assist them to make plans for the future, whether they include college, vocational training, or something else altogether.

To ensure students learn up-to-date, real world information, they will hear business professionals, have job shadows and field trips, and complete hands-on projects and work samples. These experiences will become part of each student's portfolio, which in turn can be used for college admissions and job interviews. Students choose either a GED or Adult High School Diploma path. Class sizes are small, with an average of 15 students.

Students can work at home, from the library or at school whenever it fits into their schedule. And, it's never too late to complete your education and boost your career potential. WHY THIS SCHEDULE LOOKS DIFFERENT:

We're Saving Money!

AS A COMMUNITY COLLEGE COMMITTED to fiscal responsibility, we are always looking for ways to better manage expenses. The document you are holding is evidence of our ongoing efforts in this area.

Over the years, this schedule has proved to be our most efficient and cost-effective means of sharing information about our upcoming classes. By sending this to Douglas County residences, we ensure all those interested in furthering their education have easy access to our many offerings.

We have researched other ways to disseminate this information, including distributing schedules to retail outlets throughout the county, then mailing notices to Douglas County homes to let students/prospective students know where to pick one up.

These alternatives simply do not save enough to warrant the potential hardships they might cause which could result in far fewer people having access to our classes.

There is still no better way to get information in your hands than mailing you this schedule. That said, we have made a concerted effort to reduce the expenses associated with this piece. We have reduced the number of pages in the schedule, printed them on newsprint and eliminated any use of color. In fact we were able to add back information on the credit-bearing classes you told us you missed in the last edition.

THESE CHANGES HAVE RESULTED IN SIGNIFICANT COST SAVINGS.

While our new schedule may not be as eye-catching as it has been in the past, we are confident you will be happy with the tradeoff in cost savings, knowing your community college is committed to using tax dollars wisely.
