Any student registering for an Individual Music Lesson MUST contact the Fine and Performing Arts Program Assistant (541-440-4691 or sarah.link@umpqua.edu) in order to get contact information for the instructor. It is the STUDENT'S responsibility to establish contact with the instructor during or before the FIRST WEEK OF CLASSES. Failure to do so will result in the student being dropped from roster, and possible forfeiture of tuition and fees.

ADULT HIGH SCHOOL DIPLOMA

Students may also earn an Adult High School Diploma through Umpqua Community College. The Woolley Center offers the majority of the high school diploma classes. These classes run four days a week in 5 ½ week sessions. In addition to course work, adults may be eligible for high school credit from significant life experiences including work experience, military training, community service and homemaking. Classes are free for students on referral from an area high school, and \$27 per half credit for students paying their own way. For more information on the high school class schedule, please contact the Woolley Center at 541-440-4603.

WOOLLEY CENTER HIGH SCHOOL CREDIT CLASSES

The Woolley Center high school program focuses on college and career preparation. Statistics show that over 80% of jobs earning \$45,000 in Oregon require some post-secondary training; either a college degree or professional/technical certification. Yet many high school students graduate or drop out without a clear idea of what they will or can do next. The program addresses this by familiarizing students with high-growth occupations as well as local training opportunities. The goal is to kindle each student's natural interests and assist them to make plans for the future, whether they include college, vocational training, or something else altogether.

To ensure students learn up-to-date, real world information, they will hear business professionals, have job shadows and field trips, and complete hands-on projects and work samples. These experiences will become part of each student's portfolio, which in turn can be used for college admissions and job interviews. Students choose either a GED or Adult High School Diploma path. Class sizes are small, with an average of 15 students.

Online high school classes are offered year-round and can be accessed anytime, anywhere that has a computer and internet access. Students can work at home, from the library or at school whenever it fits into their schedule. And, it's never too late to complete your education and boost your career potential.
