*Some areas may use the term *certification* in lieu of *license*; as with a *teaching certification*.

STATUTE

34 CFR § 668.43 - Institutional information.

(v) If an educational program is designed to meet educational requirements for a specific professional license or certification that is required for employment in an occupation, or is advertised as meeting such requirements, information regarding whether completion of that program would be sufficient to meet licensure requirements in a State for that occupation, including -

(A) A list of all States for which the institution has determined that its curriculum meets the State educational requirements for licensure or certification;

(B) A list of all States for which the institution has determined that its curriculum does not meet the State educational requirements for licensure or certification; and

(C) A list of all States for which the institution has not made a [determination](#) that its curriculum meets the State educational requirements for licensure or certification;
