

GoPrint

Coming to ALL Computer Labs!

Starting FA13 - Credit Instructions

Soft Rollout for Fall 2013: Students WILL NOT be charged for printing but will still have to login to GoPrint to start learning the process.

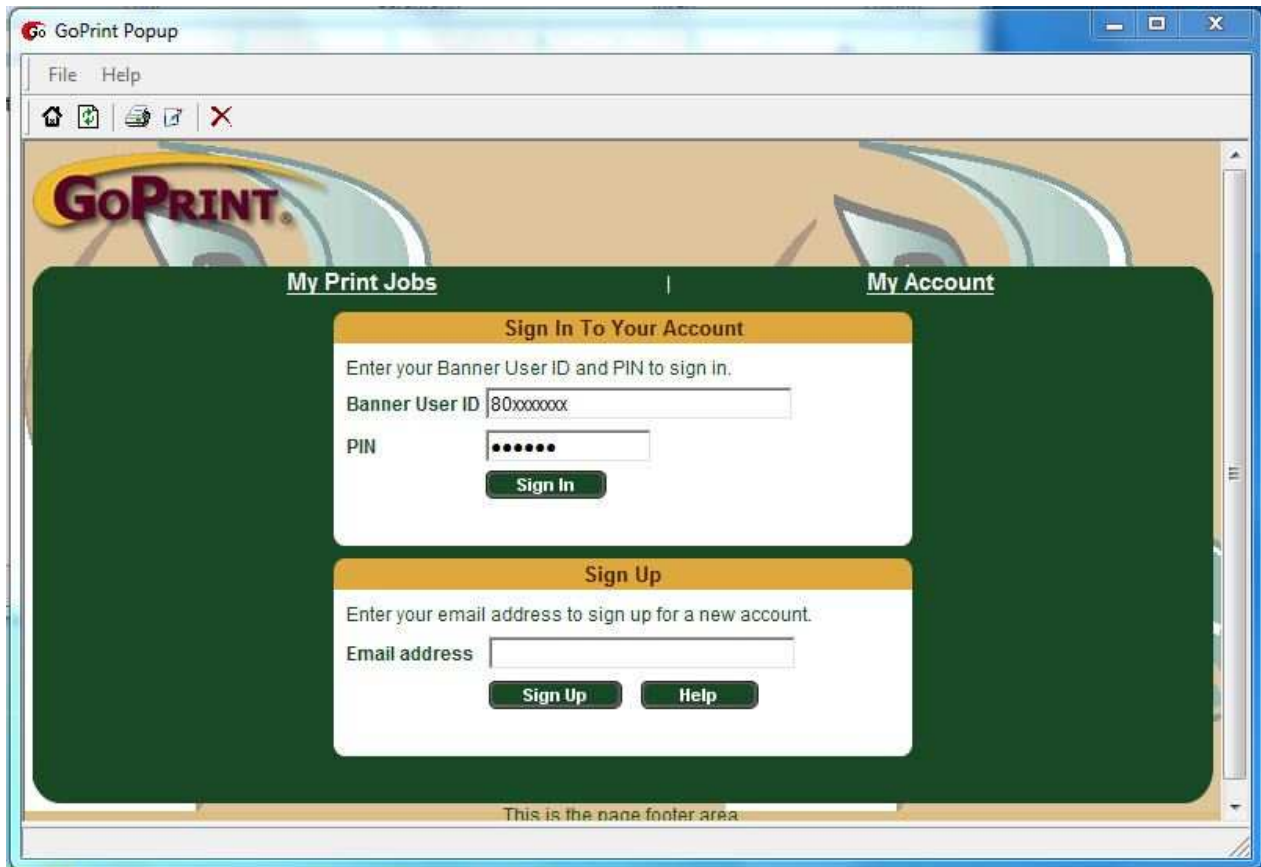

Students will login using their Banner ID and PIN and then “release” their jobs to the printer. Screenshots showing the basic process are below.

Step 1:

Select “Print” from you application. In the original print dialog box, select “OK.” This will send the document to the GoPrint Web Client.

Step 2:

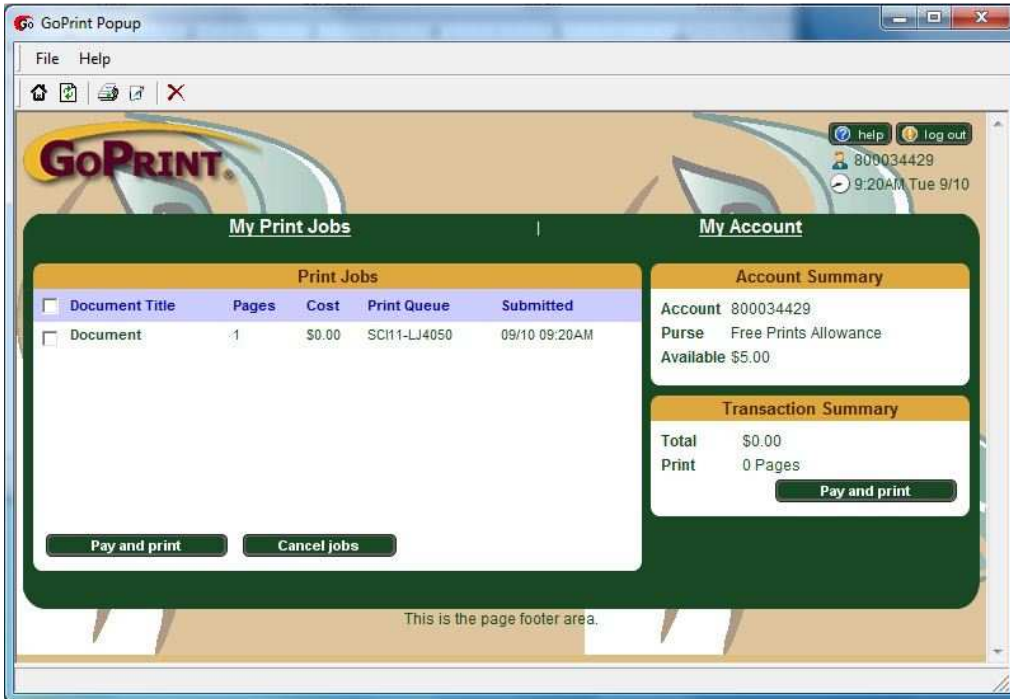

After a few seconds the GoPrint Web Client will pop up on the computer screen. Student will need to enter their Banner ID and PIN.

The screenshot shows a web browser window titled "GoPrint Popup". The browser's address bar is empty, and the page content features the GoPrint logo at the top. Below the logo, there are two tabs: "My Print Jobs" and "My Account". The "My Account" tab is active, displaying a "Sign In To Your Account" form. This form includes a text input for "Banner User ID" (containing "80xxxxxxx") and a masked "PIN" input (containing "*****"). A "Sign In" button is positioned below these fields. Below the sign-in form is a "Sign Up" section with a text input for "Email address" and "Sign Up" and "Help" buttons. At the bottom of the page, there is a footer area with the text "This is the page footer area".

Step 3:

Print job(s) are displayed. User can "Pay and print" or "Cancel" jobs.

Step 4:

Pick up print job from printer. GoPrint displays the transaction summary. User should Log Out.
